Dear Court clerk, 4-28-08

I received the printout you sent to me on or about 4-22-08 informing me of the status of complaint filing and filing of motion for Leave to proceed informa pauperis Entered on 02-07-08, Yet I also believe I sent several Summons form with the complaint, but no mention of them is made for filing. Have the Summons been received? or do I need to do them again and also I need to have the united states marshal service everything. will you please send me the paperwork for U.S. marshel service?

Additionally, Did I send enough complaints to be filed - for proper filing and service? And because I am a Pro Se Litigant do you have a printout OR guide that I can have to follow for procedural Rules as my access to the law Library is severely restricted here at Richard J. Donovan Correctional facility, and more so in the "E.O.P." mental Health program!

I do not want to burden the court or you with Frivilous and unnecessary paperwork and filings, but I intend on Litigating and pursuing my serious medical delays/denials of needed care!

Thank you for your Time and consideration in this important matter!

Respectfully,
Daniel [signature]

P.S. Because I am indigent, I am not able to send any S.A.S.E., as I do not have money or stamps to do so. Please advise or send me copies of All Filings under I.F.P. status:
